

small changes...

BIG difference!

we have a simple idea...

...think back to when
you were a child...in
school...

...and you heard a
story...
that made you think

...maybe it changed your
aspiration... or point of
view... or filled you with
inspiration...

..and to this day... you
still remember it.

...it changed the way
you think.

We want **you** to help to
create a vision!

... tell your story... and
help create a path...

... show the
opportunities that are
possible for kids...
regardless of their
background.

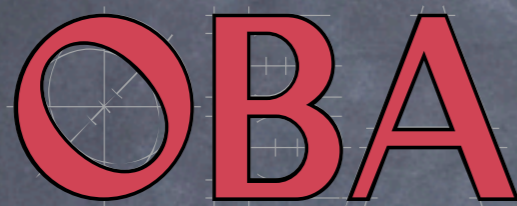

..the action plan –

... we will use our network of
outstanding business leaders
...to share their story and create a
vision for a group of school children
... the schools will be targeted as those
with either social or economic
challenges
... we are starting in Scotland

... we believe that everyone has a story to tell that can make a positive difference
